

Grove City Christian School

Network Acceptable Use Policy Agreement

Grove City Christian School recognizes that the training of students in the appropriate and responsible use of technology is an important part of “providing the foundation that cultivates, transforms, and prepares students to be Christian leaders who impact their world.” As our students use school owned and personal electronic devices to research, communicate, collaborate, and develop 21st century skills that will prepare them for their futures, GCCS expects that students abide by the following guidelines for the honorable use of technology:

- Use the Network to support learning, complete assignments, and gain a better understanding of information technologies and their applications.
- Respect that selected Network resources are intended only for the use of Grove City Christian School students, staff and other registered users.
- Follow the guidelines in the Network Etiquette section of the Network Acceptable Use Policy.
- Protect equipment from theft or damage and susceptibility to viruses or other codes which could corrupt a system or damage data.
- Understand that violations of this policy may result in disciplinary action, including but not limited to restriction or termination of access to the Network, and/or other discipline.

The use of the Grove City Christian School owned technologies and services is a privilege, not a right. I understand and agree to the Network Acceptable Use Policy. I understand that the School and Grove City Church of the Nazarene are not responsible for damages, loss, theft or any costs incurred to personal technologies or electronic communication devices. I understand that the School takes measures to restrict inappropriate content from being accessed, and I release the School from responsibility regarding the material accessed on our network. I agree to monitor and accept responsibility for all electronic content and/or communication made by myself or my students and will resolve conflicts that may arise with those directly involved or the proper authorities.

Student Name: _____ Grade: _____

Student Signature: _____ Date: _____

Parent Signature: _____ Date: _____
