

GCCS SUPPLY LIST

GRADES 9-12 for 2018-2019

While this list covers the basics that students will need to be successful in individual classes, it is not an exhaustive list. There may be additional supplies that teachers will let students know about during the first week of classes.

We encourage students to label their items with their name prior to bringing them to school so that if an item is misplaced or lost that it can be returned to the student.
